In compliance with the Florida Board of Governors Regulation 6.017(1)(a)(1), all students receiving a baccalaureate degree from Florida Gulf Coast University must complete six hours of English composition coursework as part of the general education program. In addition, BOG Regulation 6.017(1)(b) requires the following:

An additional six semester hours of coursework in which the student is required to demonstrate college-level English language writing skills through multiple assignments. Each institution shall designate the courses that fulfill the writing requirements of this section. Students awarded college credit in one of these courses based on their demonstration of writing skills through dual enrollment, advanced placement or international baccalaureate instruction shall be considered to have satisfied this requirement to the extent of college credit awarded.

Courses that satisfy the college-level English language writing skill requirement are identified at FGCU with the CLWS attribute. A minimum grade of C is required for the courses satisfying this requirement (C- is not acceptable). Students are strongly urged to complete ENC 1101 (Composition I) before attempting CLWS courses.

meet the following requirements:

1. Six (6) semester hours of English coursework and six (6) semester hours of additional coursework in which the student is required to demonstrate college level writing skills through multiple assignments. Each institution shall designate the courses that fulfill the writing requirements of this section. Students awarded college credit in English based on their demonstration of writing skills through dual enrollment, advanced placement, or international baccalaureate instruction shall be considered to have satisfied this requirement to the extent of college credit awarded.

2. Six (6) semester hours of mathematics coursework at the level of college algebra or higher. Applied logic, statistics and other such computation coursework that may not be offered by a mathematics department may be used to fulfill three (3) of the six (6) hours required by this section. Students awarded college credit based on their demonstration of mathematics skills at the level of college algebra or higher through dual enrollment, advanced placement, or international baccalaureate instruction shall be considered to have satisfied this requirement to the extent of the college credit awarded.

All mathematics courses offered by FGCU except MAT 1033 (Intermediate Algebra) fulfill the above requirements for Computation Skills.

FGCU has designated certain courses as "writing-intensive" (W) for the purpose of meeting part 1 of the above requirements. These courses meeting the FGCU writing intensive requirements should include a statement in their course descriptions to that effect. Students are strongly urged to complete ENC 1101 (Composition I) before attempting any additional writing intensive courses.

Note: Courses designated by Florida Gulf Coast University to satisfy the above state requirements are subject to change. Students should check with an academic advisor for the most up-to-date information.

A grade of C or higher is required for all coursework meeting the above requirements.

Transfer students who have taken one or more of the above courses at another Florida institution will have these courses counted toward the state college level writing skills requirements only if the course was so designated at the institution where the course was taken.

FGCU shall accept Communication and Computation Skills credit from Florida state universities and Florida College System institutions for courses that are designated by those institutions as meeting the state requirements.
