When you choose to live on campus you’re in the heart of the FGCU community. Our apartment-style residence halls in North Lake Village provide privacy as well as the social and academic support system needed to succeed in college.

West Lake Village is perfect for students who want the atmosphere, amenities and security of campus housing, but also want to be slightly removed from the hustle and bustle of the main campus.

Transfer Coursework & Articulation
FGCU evaluates transfer courses taken at regionally accredited colleges or universities. Transfer students from non-regionally accredited Florida institutions may have a limited number of courses accepted. Credit is not given for technical, vocational, physical education, remedial or any courses completed below a grade of D. All transfer credit evaluations are completed after a student’s admission to the University and prior to the student’s orientation.

Articulation Agreements
FGCU participates in a number of A.S. to B.S. articulation agreements with several state/community colleges. These agreements are for specific majors at specific colleges. Visit us online to see if your college has an agreement for the major you have chosen.
