Dear Colleagues,

As this semester draws to a close, the Outcomes and Assessment Task Force needs your input on the extent to which you see the various student learning outcomes (SLOs) at FGCU to be appropriate to teaching, learning, and assessment in the programs in which you teach. The Task Force hopes to use your input in its final meeting of the semester on 12/1/11 to make recommendations to each College next January on which SLOs should be included in an overall set of SLOs that encompass all programs (undergraduate and graduate) at FGCU. OATF is aiming to have a final set of 5-10 outcomes, drawn from four sources -- the undergraduate and graduate student learning outcomes and goals (SLOGs), the competencies of the Academic Learning Compacts, and the current General Education Competencies.

When combined into a single list, we have 14 SLOs that span the curriculum at present. We are asking for individual faculty input on whether you currently teach the SLOs, currently assess them, would be willing to teach and assess them, or think that other faculty in your program should teach and assess them.

This should not take more than 2-5 minutes of your time, and the task force needs your results by 11/28 for analysis at their 12/1 meeting. Your time and support in this critical venture are greatly appreciated.

Questions should be directed to Judy Wilkerson, OATF Chair, or your elected faculty representative on the Task Force (Darlene Andert, Tom Bevins, Anna Carlin, Sim Komisar, Collin Ramdeen, Maria Roca, and Charles Wang).

The link to the survey is: http://survey.fgcu.edu/Survey

Many thanks in advance for your cooperation. And Happy Thanksgiving.

Best,
doug
