Commitment to the Honors Community

The Honors Community is an ideal place for students participating in the University Honors Program to share their passion for learning. The Honors Community, in partnership with the University Honors Program, works to integrate the experiences obtained inside of the classroom into the residence hall by offering programs/activities that contribute to the students’ intellectual engagement. Centrally located and lakefront, the Honors Community provides a living environment that allows students to interact, grow, and develop together. Priority will be given to students accepted into the University Honors Program.

In accordance with the Terms and Conditions of the Housing Agreement, I understand and agree that by accepting such an assignment in the Honors Community, I will abide by the following conditions:

1. For acceptance into the Honors Community, I understand that I must have and maintain an overall 3.3 cumulative GPA. I understand and consent to the Office of Housing and Residence Life staff to access my GPA with the university each semester for this purpose of verifying my GPA.

2. If I fall below this required GPA, then I understand that I will be placed on a one semester probationary period. After this time, the Office of Housing and Residence Life will review my status with the Honors Community.

3. I understand that the Honors Community quiet hours are from 9:00pm to 9:00am on Sunday through Thursday and 11:00pm to Noon on Friday and Saturday.

4. I will participate in the assessment and evaluation processes developed by the Office of Housing and Residence Life to help further my own academic success and the development of this program.

5. I agree to abide by university/housing policies. If I am found responsible for violating university/housing policies my status as a member of the Honors Community will be reviewed by the Office of Housing and Residence Life.

I understand that failure to comply with any of the above policies and all other policies and procedures set forth by Florida Gulf Coast University may result in one or more consequences: student conduct referral; removal from the special interest community with room reassignment to be determined by the Office of Housing and Residence Life; the loss of the ability to reapply for this specific community for the next academic year.
