Florida Gulf Coast University
Office of Housing & Residence Life

Commitment to the Intensive Study Community

Please review the following conditions associated with the Intensive Study Community and retain this for your records:

In accordance with the Terms and Conditions of the Housing Agreement, I understand and agree that by accepting such an assignment in the Intensive Study Community, I will abide by the following conditions:

1. For acceptance into the Intensive Study Community, I understand that I must have and maintain an overall 3.0 cumulative GPA. I understand and consent to the Office of Housing and Residence Life staff to access my GPA with the university each semester for this purpose of verifying my GPA.
   
   If you do not meet this GPA requirement but still wish to be a part of this community, please contact Liz De La Rosa at edelarosa@fgcu.edu with your name, UIN, current GPA and the reason why you are interested in living in this community. Limited access will be granted based on space availability and reason for interest.

2. If I fall below this required GPA, then I understand that I will be placed on a one semester probationary period. After this time, the Office of Housing and Residence Life will review my status with the Intensive Study Community.

3. I agree to extended quiet hours. Quiet hours will be established by community members within the first 2 weeks of school.

4. I agree to participate in the assessment and evaluation process developed by the Office of Housing and Residence Life to help further my academic success and development of the program.

5. I agree to be an active participant in the formation of community norms through involvement in the Residence Housing Association. (It will be required that a resident from the Intensive Study Community be identified to represent the concerns of the Intensive Study Community at the weekly RHA meetings. This person will be identified by his/her peers within the first 2 weeks of the semester).

6. I agree to abide by university/housing policies. If I am found responsible for violating university/housing policies my status as a member of the Intensive Study Community will be reviewed by the Office of Housing and Residence Life.

I understand that failure to comply with any of the above policies and all other policies and procedures set forth by Florida Gulf Coast University may result in one or more consequences: student conduct referral; removal from the special interest community with room reassignment to be determined by the Office of Housing and Residence Life; the loss of the ability to reapply for this specific community for the next academic year.
