1. Review of external scan for FGCU strategic plan and feedback on technology SWOT analysis –

Reviewed the FGCU External Environmental Scan. Reviewed feedback from the Faculty Senate Technology Team regarding the technology SWOT analysis.

2. Technology funding priority report -

Decision was made to complete the Technology Funding Priority report earlier than previous years to give the Budget Committee time to review and consider within the Budget Committee’s Priority report.

3. Update on the technology reclassifications pilot project –

Technology department supervisors continue to work with HR to identify new classifications for technology department staff on this pilot project.
