Scholarship Recipients 2013-2014

Bettina Botha, double major in Civil & Environmental Engineering
"I cannot stress enough the gratitude I have with regards to your donation. It is people like you who help aspiring students be able to reach their full potential as scholars."

Sara Perez Lopez, Environmental Studies
"By lightening the financial burden associated with the pursuit of a higher education you have brought what I once believed to be financially unattainable within my reach."

Candice Miranda, double major in Civil & Environmental Engineering
"I am excited about anticipating what I will learn this year in college as well as about becoming one year nearer to my goal of being an engineer. Thank you again for helping me to get closer to this dream."
