Safety & Facilities Committee Minutes
March 29, 2010

Present:  
Dr. Susan Blanchard  
William Blood  
Barrett Genson  
Jim Hehl  
Steven Moore  
Dr. Mike Rollo  
John Wilson

Absent:  
Dr. Ashraf Badir  
Eric Balmer  
Dr. Roger Green  
Lewis Johnson  
Ruth Rodrigues  
Joey Russo

New Business:  
B. Genson gave a brief overview of a summary of the Campus Master Plan process as he provided to the Planning & Budgetary Council on March 9th. A copy of that report is also attached for your information.

As you know, the SFC developed a list items or concerns for the CMP to address. A draft of those eight concerns was developed by Ruth Rodrigues, dated 2/22/10, and a copy of those concerns is also attached for your information.

Our next and final meeting of SFC for the Spring 2010 semester will be held on Monday, 4/26/10, at 2:00 p.m. in ABS-210. B. Genson will invite the CMP consultant, Astorino Architects, to also attend in order for the SFC to present these eight master planning concerns to the consultant. In essence, these eight concerns address items that could be incorporated into the CMP Update-2010. Your presence and input is needed at this meeting to provide additional input. This is golden opportunity for all members of the SFC to explain the background of such concerns and to have input into their possible resolution and inclusion in the Campus Master Plan-2010.

Respectfully submitted,  
Barrett Genson, Co-Chair
