INVENTOR'S SUMMER CAMP INTERN

EDISON & FORD WINTER ESTATES, FORT MYERS, FL

The Edison & Ford Winter Estates is seeking a Summer Camp Intern. Inventor's Summer Camp at Edison Ford is an established weeklong day camp for students in 1-6th grades with curriculum integrating science, history and the arts. The camp is headquartered at the historic Edison Estate with experiences throughout the site.

This is a full time three month position with funding available from the end of May 2015 and concluding in August 2015. Work day is 8:30--5:30 Monday --Friday. This position reports to the Education Coordinator and will work with the Summer Camp Instructors. Beginning pay rate is $10.00 per hour.

Majority of work will involve assisting with Summer Camp and requires an ability to work with children in an educational environment and promote history, science and the arts. The intern will assist in preparation of written curriculum, activities and experiments that are distributed to parents. Must have excellent computer skills (MS Office) and the ability to use video and digital camera equipment. Must be able to effectively manage the classroom at a high level. This position will work closely with a diverse group of junior counselors who assist in the classroom during camps. Requires excellent communication skills and a demonstrated ability to establish and maintain effective working relationships.

The Intern must be a student enrolled in a four year college, pursuing a degree in Education, History or Science or a related field.
