1. **Call to Order – Chair Scott Lutgert**

   Chairman Lutgert congratulated everyone on the work that has been done so far this year. He asked President Merwin to introduce each of the standing reports.

2. **Remarks from FGCU Student Government – President Kirt Gallatin**
President Merwin introduced Trustee Gallatin who updated Trustees regarding student activities.

3. Remarks from FGCU Faculty Senate – President Sharon Irish Bevins

President Merwin introduced Trustee Irish Bevins who reported on faculty activities thus far.

4. Remarks from FGCU Staff Advisory Council – President Marc Laviolette

President Merwin introduced Mr. Laviolette who provided an update regarding Staff Advisory activities over the past few months.

5. Remarks from FGCU Foundation Board of Directors – Chair Joe Catti

President Merwin introduced Mr. Catti who reported on Foundation Board achievements. President Merwin thanked Mr. Catti for the incredible $218 million campaign success.

6. President’s Report – President Bill Merwin

President Merwin introduced Dr. Rollo, the University’s first Vice President for Student Affairs. He stated that since July 1st, Dr. Rollo has hit the ground running and has organized the Division of Student Affairs into six major departments—Office of the Dean of Students, Student Development Services, First Year Advising, Housing and Residence Life, Campus Recreation, and Career Development Services. Dr. Rollo greeted Trustees and highlighted plans for Student Affairs at FGCU.

President Merwin reported that the University’s health is outstanding. He stated that this year there is more, more and lots more—more students, more buildings, more faculty and staff, and more parking spaces. President Merwin reported that we are just under 8200 students and we are on target with 5200 FTE, which is what we had projected. We have added more buildings and now have fifty-eight buildings. President Merwin stated that over the last few years we have tripled the academic programs and he thanked the Board of Trustees for that progress. He stated that the Board of Trustees has approved approximately thirty-five new degree programs in the last five-years.

President Merwin reported that the Athletics Program continues to soar. We are pursuing Division I and he attended the first Council of Presidents at the Atlantic Sun Conference. We hired three new coaches who are recruiting students in swimming and men’s and women’s soccer.
President Merwin reported that we have hired sixty-seven new faculty members this year and now have fifteen hundred total employees.

President Merwin stated we have engaged with Trustee Lucas, Mr. Catti and others to discuss affordable housing and are moving along with that issue. Trustee Lucas has made a personal donation towards this problem.

President Merwin stated that the Board, at their last meeting, approved a Program for Long-Term Care Administration. He reported that several Board members began to talk with him after that meeting about long term care, positive aging, and geriatric therapy and felt that FGCU should focus on these in addition to other programs.

President Merwin reported that in the year 2000 the faculty-student ratio was fifteen to one. Today that number is seventeen-to-one. President Merwin stated that this is remarkable because many private universities have ratios of seventeen-to-one. He said that the way we have done that is that we have added more faculty as we have added more students. President Merwin stated our productivity is up and cost-per-student credit hour has gone down considerably during that period of time. Our room and laboratory utilization numbers are up.

President Merwin reported that for the last two months we have had a Selection Advisory Committee in place for Charlotte County. The Committee has an interest in having Florida Gulf Coast University provide a Satellite Center in Charlotte County. He stated that by the end of this month, the Committee should be ready to make a recommendation to President Merwin on the disposition of the Charlotte County Satellite Center. President Merwin stated that the Board of Governors had asked for a clarification of our activities in Charlotte County, and he will be speaking to the Board of Governors in November on this topic. President Merwin stated that we will be able to make a recommendation to the Board of Trustees prior to that time regarding this Satellite Center. He stated that we will most likely hold a Board meeting via conference call sometime in October to address this issue.

President Merwin announced that this year’s distinguished lecturer will be former Secretary of State, Colin Powell.

7. Consent Agenda – Chair Scott Lutgert

Chairman Lutgert asked for a motion to approve the following Consent Agenda items:
