This is the 4% holdback from the State and for this current fiscal year. (It is comprised of $230,842 in Lottery funds and $1,897,083 in General Revenue funds). President Bradshaw stated we had anticipated this cut and had held back the 4% going in to this fiscal year.

President Bradshaw stated our Solar Project was in line for a $2.1 million cut but our Legislative Delegation and Senator Alexander helped that become a $1 million cut, and we are trying now to see what can be done to make certain that the project does not suffer. He thanked the legislators for their advocacy.

President Bradshaw stated that Dr. Shepard will provide a budget overview later in the meeting. He stated spring headcount is up 11% (9842) with undergraduate up 10% and graduate headcount up 22%. President Bradshaw stated that total annual fundable FTE is up 13% which includes 12% undergraduate FTE and 21% graduate FTE.

President Bradshaw introduced Ms. JoAnn Nester, Interim Athletic Director and stated she is doing a wonderful job.

President Bradshaw reported on the FGCU and Edison State College Charlotte County enhanced collaborative effort where we would work together to bring more degree completion programs to the Edison State College site in Charlotte and ensure unnecessary duplication of programs. He stated we are preparing a proposal to share with the Legislature this session, however, there is no new money and so he is not optimistic. President Bradshaw thanked the Joint Committee from Edison State College and FGCU for working on that effort.

President Bradshaw reported that FGCU was named University of the Year by the Florida Division of Management Services – Office of Supplier Diversity. He stated in December we received that recognition and is in recognition of our leadership role in advancing the State of Florida’s supplier diversity program.
